Pay Now Online

To Pay Now enter the information exact on your bill.

Account Number *
Please enter your account number from your statement

Name On Account *
Please enter the full name from your statement

You must enter your name and account number exactly as it appears on your bill for the system to find your account.

The left side of this page is where your account can be set up, sign up for paperless billing, set up auto pay and link several accounts to one email.

The right side of this page is allocated for one-time payments only. If using this feature, you are not setting up an account it is strictly a one-time use.

Click Register in the lower left-hand corner to set up your account. Once you set your account up the system will send a verification email. If you don't receive it check your SPAM folder. After you verify you can sign up for paperless billing, link accounts, and autopay options. This is all done by clicking your name in the upper right-hand corner and selecting profile. You will then be able to use any of the available features. NOTE: You cannot sign up for autopay until you have made 1 successful payment, online thru your account. The following month you will be able to set up your autopay feature.

Service fees apply to all payments made with credit/debt cards and e-checks. Payment can be made in office or by mail, with cash, check, or money order with no service fees. NOTE: if you are paying your bill via a 3rd party payment system, your payment could arrive to us late resulting in late fees.
